Navigators team successfully handled a major air cargo movement from Dubai

**NG News desk, Dubai:** The air freight team at Navigators are constantly striving to excel in each and every project cargo movement they undertake. Their client testimonial stands as proof of their dedicated and foolproof approach towards each job they undertake.

In a recently handled project cargo movement by the air freight team, freshwater generator package, which is used for purifying water, machinery was successfully transported by air from Dubai to China. The cargo weighing 5000 Kilograms and around 35 cbm was shipped by air after conducting all necessary securing actions. The equipment was neatly air-seal wrapped for additional protection, before it was loaded on to the aircraft using standard loading equipments.

All rules and regulations relevant to the smooth loading of cargo were adhered to by the team. Throughout this process, coordinating the various moving parts of the shipment was crucial. The team worked diligently to ensure seamless integration of all aspects, demonstrating their commitment to delivering exceptional service.

"The main challenge was to procure a competitive rate from the airlines. The well experienced professionals working within the airfreight department of Navigators, resolved the issue procuring the best possible rates from the airline company for this cargo movement." Commented the team leader.

## About Navigators Shipping and Logistica LLC

Navigators Shipping and Logistica LLC is one of the fastest growing Freight forwarding and Logistics companies in the UAE. A company having completed 13 years in the global freight forwarding and logistics vertical, wishes to express their gratitude to all the stake holders and network associates for the achievement. - Supply Chain • Air and Sea Charter
- Overland Transportation • E-Clearance
- Turnkey Projects • Abnormal Loads

## DP WORLD NEWS

## DP WORLD EXPANDS MARINE SERVICES FLEET WITH NEW VESSELS OFFERING CUTTING-EDGE EFFICIENCY

DP World welcomed two newly built vessels to its Marine Services fleet, further strengthening its commitment to sustainability and operational excellence.

The newbuild vessels, Navios Utmost and Navios Unite were officially named at a naming ceremony at the Changhong shipyard in Zhoushan, China. They will join the Unifeeder fleet as part of a fleet renewal plan to deploy more efficient vessels as the company continues to test alternative fuels and monitor the availability of fuel supplies. Both are Sapphire 5300 compact gearless container vessels, which feature cutting-edge maritime technologies designed to enhance cargo handling efficiency, reduce operational costs and contribute to a more sustainable maritime industry.

The vessel's hull optimisation and energy-saving technologies are also designed to maximise fuel efficiency and minimise their carbon footprint. For example, the Navios Utmost is expected to save approximately 1,700 metric tonnes of bunker fuel annually, leading to 15% to 20% reduction in its carbon emissions for its intended routes.

## ETIHAD AIRWAYS ABU DHABI STOPOVER PROGRAMME ACHIEVES EXCEPTIONAL GROWTH

Etihad Airways, the national airline of the United Arab Emirates, and the Department of Culture and Tourism – Abu Dhabi (DCT Abu Dhabi) are celebrating the exceptional growth of their Abu Dhabi Stopover programme. The relaunch of the initiative has exceeded expectations, significantly boosting Abu Dhabi's tourism sector.

The Abu Dhabi Stopover programme, exclusive to Etihad Airways, has seen remarkable growth since its inception. The

programme welcomed 24,000 international visitors in the first half of 2024, compared to 7,000 in the latter half of 2023 - an extraordinary increase of 242%. This strong performance, coupled with growing demand and increased bookings for the second half of the year, puts the initiative on track to achieve its ambitious target of 75,000 international stopover visitors in 2024.
