Break bulk cargo movement to Europe

DP World wins two new sustainability awards

Industrial Packing, Lashing & Crating

BREAK BULK CARGO MOVEMENT TO EUROPE!

NG News desk, Dubai: Navigators Projects team, regarded as the best Industrial Project handlers in the Middle East has announced the successful breakbulk cargo movement done recently from Dubai. Two units of the breakbulk cargo which comprised of 35 tons of machinery parts were skillfully transported to its destination in Europe from Jebel Ali. Regarded as one of most experienced Projects team in the GCC region, Navigators professionals understands every step of the project movement carefully and do systematic evaluation of the entire process prior to the real action when it comes to Industrial cargo movement. This significant achievement was accomplished while ensuring utmost safety and adherence to regulations during the journey from Jebel Ali to the destination in Europe, accomplishing the urgent requirement of one of our long standing clients.

The scope of work included the vessel selection, route survey, lashing

jobs, orchestration of lifting and loading of the cargo and clearing all necessary documents that are required to carry the integral industrial machinery parts to its destination. The vessel chosen for this movement was CMA CGM. Being a complete logistics provider, the Navigators team comprises of engineers, surveyors, lashing experts and the other skilled professionals required for accomplishing the end-to-end service of a Project cargo movement.

As a matter of practice, the Projects team after careful understanding of the complexities of cargo movement, unfolds the entire movement details to the clients with the minutest description, challenges, and the feasible timelines for their consideration and design the most affordable options for moving their cargo from the origin, be it from any part of the globe to the destination.

The 24 X 7 customer support team updates the client about the cargo movement details on a timely manner. Navigators is recognized as an industry expert in the Projects cargo movement vertical, offering comprehensive solutions to the clients. Our business is fueled by our customers needs, and our core strengths are closely tailored to meet their demands.

INDUSTRIAL PACKING, LASHING & CRATING

Customised and cost- friendly solutions from Navigators Shipping

NG News desk, Dubai: Industrial packing, lashing, and crating has become an integral part of project cargo and breakbulk movements across the world. As a company having deep rooted knowledge in the Project cargo logistics, Navigators has its own professional team for providing quality products and services in the field of lashing, crating and securing to worldwide industries.

Their large **industrial wooden crates** accommodate high-tech machinery and equipment, electronics, and other valuable commodities. Their team can **customize wooden skids and pallets** for your shipment. Navigators have cost-effective solutions that allow them to accommodate maximum items with enough safe space within.

Navigators Shipping has its own trained people specializing in providing on-site **shrink-wrapping** services across the UAE and other GCC countries. Shrink wrapping service is made use of a multitude of industries including many high-profile projects.

Another innovative packing solution is **aluminum foil packaging**. This is an effective replacement to traditional

corrugated protective packaging. It is sealed properly to ensure that outside atmospheric moisture will not be able to reach the surfaces of the cargo.

With their comprehensive range of **lashing services** and materials, they ensure the safe securing of your goods. Their experienced team is trained to take care of your goods and use all available materials to secure your cargo. At Navigators, for the last One decade, the company have associated with businesses in various industries including oil and gas, shipping, vessel owners and operators, power & energy, heavy engineering, automotive, pharmaceutical, aeronautical & aviation, storage, etc. to name a few. Industrial Packing services can be customized as per the specifications provided by the clients. Navigators are experts in providing cargo lashing services to secure break bulk cargo and other expensive and heavy items like vehicles on shipping containers, flat racks, and barges and vessels.

DP WORLD NEWS

DP WORLD WINS TWO NEW SUSTAINABILITY AWARDS

DP World has won two new awards at the 2024 SEAL Business Sustainability Awards which honors leadership, innovation, and commitment to sustainable business practices.

SEAL Sustainability Awards honorees ranged from well-recognized brands to high-growth start-ups and scale-ups. DP World's first win – Environmental Initiative Award – was given to DP World Santos for its re-use of waste material for energy, which would otherwise be destined for a landfill site.

DP World was also honoured for its development of BOXBAY, a revolutionary automated, safe and environmentally friendly high-bay storage container system. The SEAL Sustainable Innovation Award recognises BOXBAY's potential to transform the way containers are stacked, organised and moved, significantly reducing a terminal's carbon emissions impact.

DP World Group Chairman and CEO, Sultan Ahmed bin Sulayem, said: "We are honoured to receive the Environmental Initiatives Award and the Sustainable Innovation Award at this year's SEAL Awards. Winning the Environmental Initiatives Award for our work at DP World Santos in Brazil, where we've achieved the feat of reusing 100% of the waste generated at the port, underscores DP World's commitment to the responsible management of its waste through adopting circular economy principles and smart design. Additionally, being recognised with the SEAL Sustainable Innovation Award for our BOXBAY technology is a testament to our dedication to revolutionising container port logistics for greater efficiency and sustainability."
