## Navigators Logistica Moves Cranes and Accessories

### Liebherr cranes from Fremantle to Dammam

By Corpcomm Dept.: 24th June 2020

"The move proved to be a bit challenging, as the client confirmation fell close to the vessel schedule date, but the active participation and timely interactions from our network partners in the region made the job very interesting. The stuffing was done perfectly to reduce the number of containers used and thereby slash the cost"

Mentioned Navigators Logistica representative.

Dubai: In a single shipment, the specialists' team of Navigators Logistica LLC recently undertook the transportation of Liebherr cranes from Fremantle to Dammam. The team comprising of the experts in outsize load haulage carried out this move recently. 125.36 tons of cargo was transported as RoRo and remaining accessories in Two open top 40 feet and One 20 feet standard containers. The total volume of 368.67 cbm was shipped to Dammam after careful and detailed project assessment. The Liebherr cranes were shipped in RoRo mode while the accessories were transported in the FCL mode. The entire project execution was a successful collaborative effort by Navigators Logistica and their network partners in Australia.

Fremantle ports is western Australia's largest and busiest general cargo port operating through two harbours. The Inner harbour at Fremantle handles almost all the container trade for Western Australia. It also provides facilities for livestock exports, motor vehicle imports, other general cargo trades, cruise ships and visiting naval vessels.
